

# CONCORDIA UNIVERSITY

PRESS RELEASE

April 2, 1980

Steve Young of Oshawa has recently completed his second season with the Concordia University Varsity Hockey team. Young, a 5'10, 170 lb. winger, scored 17 goals, 28 assists for 45 points this season. Steve formerly played for the Oshawa Jr. B's and the Kitchener Jr. A's.

Paul Arsenault's Concordia Stingers captured the Quebec University Athletic Association championship, as they swept through the league playoffs defeating the Ottawa Gee-Gees and the Trois-Rivieres Patriotes in four straight games. The league title marked the sixth consecutive year that the Stingers have advanced to the Canadian Intercollegiate Athletic Union National Championships.

Concordia lost its opening game in the Nationals, dropping a 4-3 decision to the University of Alberta. The Stingers and Golden Bears entered the final period tied 3-3, but a third period goal gave Alberta the victory and a berth in the finals. Alberta then went on to win their second consecutive National crown.

Steve will accompany the Stingers when they travel to Dundee, Scotland to represent Canada in an International Invitational Tournament, April 23-30.
